CONGRESSIONAL & INTERGOVERNMENTAL

Rep. Paul Gosar (R-AZ-4): Brent Maier shared information in follow up to an inquiry from Penny Pew, District Director & Intergovernmental Affairs in the Gold Canyon District Office of Congressman Paul A. Gosar regarding a water district in their Congressional District that is in need of some grant information and whether there still exists within EPA a hardship grant for small and disadvantaged towns. Brent let Penny know that EPA's Hardship Grant Program was a state-led State Revolving Fund (SRF) grant program that no longer exists. Brent also let Penny know that currently ADEQ and EPA's Water Infrastructure Financing Authority (WIFA) work together to support small rural systems with low-interest SRF loans that may have a grant component through the Rural Water Infrastructure committee (RWIC) <http://www.rwic.net/>. The Arizona Rural Water Infrastructure Committee (RWIC) is a partnership of various federal and state agencies who provide loans, grants and technical assistance to Arizona's rural communities. Their mission is to serve as a "One-Stop Shop" for rural communities with a population of less than 10,000. They seek to create a sustainable organization of

fundere and technical assistance providers who partner to meet the needs of small drinking water and wastewater systems throughout Arizona. In addition, Brent shared with Penny the contact information for ADEQ's Amanda Stone who can be of assistance to discuss the resources offered by the Rural Water Infrastructure Committee. Brent received a note back from Penny Pew thanking us for the information we provided and that she will share with her contact at the Chloride Water District.

Sen. Dianne Feinstein (D-CA): Today, Brent Maier reached out to Alexis Segal in the Senator's DC office to check on the status of a possible meeting with the Senator and Regional Administrator Mike Stoker and was told by Alexis that she says the schedulers are trying to work a meeting into the Senator's schedule and she was hopeful our office would receive word today. Brent has shared the other meeting commitments that Mike and Amy have on June 27 to avoid those times. Brent will pass along any update on whether a meeting when we hear back from Chesna Foord, Director of Scheduling, and/or Freda Hawver Pachter, Deputy Scheduler, in the DC Office of Senator Dianne Feinstein.

Tomorrow - Friday, June 22, 2018 - House Energy and Commerce Committee – The Subcommittee on Environment is holding a June 22 hearing entitled, "Advanced Biofuels Under the Renewable Fuel Standard: Current Status and Future Prospects" EPA's short-term plans to overhaul its implementation of the program have been halted thanks to opposition from corn-state senators. But oil industry critics of the program continue to argue that its renewable and alternative fuel production goals are unrealistic, and want lawmakers to reform the program or outright repeal it. 9:15am ET.
